Sarah, I received your vmail asking for a BNSF attendance list and what BNSF is looking for from Randy at our next meeting on Wednesday, July 29 at 9:30 am. Here is a list of the nine BNSF-related attendees. You will note it is skewed heavily toward the “technical” folks at BNSF.

Russell Light, Senior General Attorney at BNSF (attended our June 30 meeting)

Marisa Blackshire, Senior General Attorney at BNSF (attended our June 30 meeting)

Allen Stegman, General Director Environmental at BNSF

Charles Thomas, Director of Site Remediation at BNSF

Michael Makerov, BNSF Site Remediation Manager

Michael Kavanaugh, PhD (Principal at Geosyntec)

Daniel B. Stephens, PhD (Principal at DBSA)

Kathryn Oehlschlager (one of my partners at BCLT)

John F. Barg (BCLT)

I do not think this group needs Randy to go through his power point again; I believe they are all “up-to-speed.” However, it might be helpful for Randy to have readily available for display, in case they are needed, his photos of the site since none of us on the BNSF side has been to the site (sometimes a picture IS worth a thousand words). This group will want to engage you and Randy in a discussion of technical issues relating to the proposed time-critical removal action.

Please give me a call if you have questions or wish to discuss anything in advance of the meeting, Sarah.

John

Kathryn,

July 29th works for us. Please let us know what time you would like to begin, and please send me the names and affiliations of all attendees (preferably by Thursday of this week).

Thanks very much.

Sarah,

Thanks for sending this, and I hope you had a lovely vacation.

I've confirmed that the morning of July 29th works for everyone on our end. I believe you and Randy previously indicated that this date and time works for EPA as well. If so, let's go ahead and confirm it.

Feel free to call me or John if you'd like to discuss this further.

Best regards,

Kathryn Oehlschlager

Kathryn,

Sorry about that. Attached is the document with all of the pages.

Thanks for working with Randy on scheduling the upcoming meeting. Have you been able to confirm whether or not August 5 or 6 will work?

Thanks.

Sarah,

We noticed that the attached 1991 Final Report is incomplete – it looks like we are missing the even-numbered pages. Do you have a complete copy you could share with us?

Many thanks,

Kathryn Oehlschlager

John,

Thanks again for your voicemail today.

I'm attaching two documents that describe the outcomes of the 1991 actions at the Site.

Please let me know if there is any other information I can provide, and let's try to talk early next week. I am available on Monday between 11:00 and 3:00. I will give you a call then, or feel free to give me a call.

Thanks very much.
